

Timetable of Dr. Marcin Burburski visit at FT TUL **Institute of Architecture of Textiles, Lodz University of Technology**

15.02.2016	9.00-12.00 Visit to laboratories in Faculty	Lunch Break	13.00-16.00 Influence of woven fabrics on the transverse flexibility of conveyor belts (B-PC2)
16.02.2016	9.00-12.00 X-ray tomography usage for analysis of geometrical structure of textile reinforcement (B-PC2)	Lunch Break	13.00-16.00 Interaction with PhD students (B3) (TM1)
17.02.2016	Demonstration on micro-CT Skyscan 1272		
18.02.2016	9.00-12.00 Experimental study and modelling of steel fibre knitted fabrics for forming of automotive glass (B-PC2)	Lunch Break	13.00-16.00 Interaction with PhD students (HOD Cabin, KMI)
19.02.2016	Interaction with PhD students (HOD Cabin, KMI)
