

HELLO!

We are a start-up company based in Prague focusing on designing and selling innovative textile products for home decoration online.

We are looking for part-time intern trainees with passion, energy and creative mind to join our international team ASAP. We believe that work has first of all to be fun, working hard to create a happy and inspiring environment we decided to offer these internships with the aim of finding our future employees/collaborators with the same set of mind. We will hire after the trial period proved successful! (between 2 and 4 months)
Please note that an intermediate level of English is required.
