Living in Herning

Denmark is one of the world's safest countries with a very low crime rate. However, you should still take the same precautions as you would in any larger European city.

Campus is located in the city of Herning in the Central Region of Denmark. From here you can easily travel to Denmark's major cities within a few hours. You go by shuttle bus to the nearby Billund Airport in 45 minutes, and from here you can travel to all of Europe.

Exploring Europe

It only takes a few hours to fly to all the major cities in Europe, making Denmark a European gateway. For example, you can drive to Hamburg and take in the modern metropol, or fly to Paris to visit the Eiffel Tower, ticking off Europe's bucket list of destinations.
