

V rámci návštěvy delegace z provincie Zhejiang Čína byl uspořádán seminář prezentující vybraná témata z oblastí souvisejících s medicínou řešené skupinou KMI FT TUL. Cílem bylo navrhnout témata vhodná pro další odbornou spolupráci a nalézt vhodné partnery pro jejich řešení.

Témata přednášek KMI FT TUL:

Militký, J., Ventakaraman, M.: New materials and products for medical purposes
Kupka, K. (Trilobyte), Militký, J.: PPG Blood Dynamics Measurement: Modelling and Disease Classification
Azam, A.: Investigation of multifunctional bioactive nanolayer for wound healing
Khan, M., Z.: Functionalization of nanostructures for medical application

Seminar for delegation from Zhejiang to TUL, 16. 11. 2023

Hosted by: Jiří Militký, Professor, Department of Material Engineering, Faculty of Textile Engineering, TUL

(selected presentations)

Members from Zhejiang:

1. Wang Guangbing, Deputy Director General, Zhejiang Provincial Department of Finance
2. Cao Huafen Counsel, Division of Regulations, Zhejiang Provincial Department of Science and Technology
3. Chen Longgen, Consultant, Division of Cooperation, Zhejiang Provincial Department of Science and Technology
4. Ni Wenliang, Deputy Director, Division of Procurement Regulatory, Zhejiang Provincial Department of Finance
5. Guo Liangxi, Deputy Director, Zhejiang Provincial Science and Technology Cooperation Center
6. Dong Wei, Deputy Director, Zhejiang Provincial Center for Medical Science Technology and Educational Development
